

# Tammin Primary School REPORTING TO PARENTS GUIDELINES

## OUR PURPOSE

Tammin Primary School and its teachers are responsible for informing parents/carers about their children's progress at school, their strengths and aptitudes, the areas that require improvement and the strategies being implemented to assist.

ASSESSMENT	OUR PRACTICE
<p>1. Parents are informed about their child's progress utilising the Australian Curriculum against which student achievement and progress is measured.</p> <p>Assessment should be carefully constructed to enable judgements to be made about student's progress in ways that contribute to ongoing learning.</p> <p>Reporting occurs both formally and informally, routinely and according to need.</p>	<p>The school reports to parents:</p> <ul style="list-style-type: none"> <li>• routinely and formally in June and December each year against the Australian Curriculum outcomes;</li> <li>• according to need, as expressed by teachers or parents, at other times throughout the year;</li> <li>• Report comments to be limited to 5 sentences and adhere to 'feedback sandwich' structure;</li> <li>• Use simplified language relevant to audience;</li> <li>• Reports to be completed and edited by teachers by <b>Week 6, Term 2 &amp; Term 4.</b></li> </ul>
<p>2. Assessment practices should be educationally sound and contribute to learning.</p> <p>The reporting process involves the collection &amp; sharing of work sample evidence of student achievement and a written record of progress.</p> <ol style="list-style-type: none"> <li>1. Student Report, which is kept by parents at the end of each semester.</li> <li>2. Student Working Portfolio, which is stored at the school for handover &amp; future use.</li> </ol>	<p>Throughout each semester, teachers collect work sample evidence, which will accurately and honestly inform parents about their child's progress.</p> <p>This material will include:</p> <ul style="list-style-type: none"> <li>• work samples &amp; assessment tasks;</li> <li>• observations of work habits and social skills;</li> <li>• observations about areas requiring development;</li> <li>• on-going teacher judgments;</li> <li>• SCSA rubrics</li> </ul> <p><b>Portfolios to be edited &amp; completed by Week 9, Term 1 &amp; Term 3.</b></p>
3.	

<p>Assessment needs to take account of the diverse needs of students</p> <p>Students take responsibility for their own learning and identifying their strengths and areas for further development.</p>	<p>Students play a role in reporting to their parents including:</p> <ul style="list-style-type: none"> <li>• evaluating their own learning;</li> <li>• setting goals for future development, where appropriate;</li> <li>• negotiated work sample evidence for inclusion into Student Portfolios;</li> <li>• participating in the parent-teacher interview, where appropriate.</li> </ul>
<p>4.</p> <p>Written material collected or prepared for the purpose of reporting to parents reflects high standards of professionalism on behalf of the teacher.</p>	<p>Teachers ensure that material used for the purpose of reporting to parents:</p> <ul style="list-style-type: none"> <li>• is a valid representation of the child's ability and present standard of achievement;</li> <li>• is complete;</li> <li>• is marked and corrected;</li> <li>• has teacher comments which use professionally appropriate and constructive language.</li> <li>• provides positive recognition and affirmation of a child's strengths;</li> <li>• provides constructive suggestions for future learning and development.</li> </ul>
<p>5.</p> <p>The conference which forms part of the reporting to parents' process informs parents about the curriculum, as well as their child's progress and achievements against the curriculum.</p> <p>It is conducted in professionally appropriate language and provides an honest balanced picture of the child's strengths and areas for future development.</p>	<p>The class teacher prepares for interviews by:</p> <ul style="list-style-type: none"> <li>• collecting the evidence;</li> <li>• becoming familiar with the evidence;</li> <li>• identifying areas of strength and those requiring future development ;</li> <li>• creating a positive ambience for the interview;</li> <li>• 'Conference Record' used to record the interview &amp; placed on Student File at completion.</li> </ul>
