Attendance

When your child goes to school every day they will achieve their best. Here are some tips for helping your child turn up, achieve more and maintain a good attendance habit:

Let your child know it is important to go to school every day

One of the best ways to encourage your child to go to school every day is to talk about school in a positive way. Tell your child it is important that they go to school, even on special days like their birthday or the last day of term. Occasionally, your child may need to stay home from school—they might be sick, or there might be serious family matters you have to attend to (such as a funeral). While these kinds of events are unavoidable, other events such as shopping trips, holidays, visiting family and friends, or appointments such as haircuts can be scheduled out of school hours.

Create routines for your child

Help your child get organised and prepare for their school day. Set a regular bedtime and morning routine. Encourage them to lay their school clothes out the night before and pack their bags in advance so they can get to school on time.

How can you help?

- Talk positively about school with your child.
 - Create and maintain a routine.
 - If possible, make appointments out of school hours.
 - Avoid taking your child away for holidays during the school term.
