NAPLAN ONLINE

School Newsletter Notification

NAPLAN ONLINE – School Readiness Test

You may have heard that NAPLAN Online was introduced in 2018, with 274 schools Western Australian schools participating. Our school will be transitioning to NAPLAN Online in 2019.

NAPLAN online will provide better assessment, more precise results and faster turnaround of information. Your child's results will be returned to the school faster, within a few weeks rather than a few months.

This trial, called the School Readiness Test (SRT), will enable us to assess our technical readiness to implement the new online assessments. In addition it will give us a chance to try out the new national online assessment platform in a real-life classroom environment.

During this week, all students in Years 3 and 5 will participate in a trial of the assessment platform, by undertaking one/ two online readiness tests that include examples of the new NAPLAN online questions. Each test will take about 45 minutes to complete.

Participating in this trial is important as it will help us ensure we have adequate internet connectivity, and whether students have access to sufficient number of devices for NAPLAN Online testing. During the trial, our teachers will have the opportunity to practice managing the classroom logistics for an online assessment and the new test administration processes.

The readiness test has not been constructed to assess curriculum knowledge, but rather to provide students with an opportunity to experience the *types* of questions that will be included in the new online assessments. As such, reports will not be provided.

Participation in the SRT is a key step to ensuring a successful NAPLAN online experience in 2019.
