INDONESIAN SUPERHEROES TAKE OVER THE YR 3 AND 4 CLASSROOM

The Year 3/4 classroom was overtaken by masked superheroes last week. Superman, Iceman, Wonder Woman and Purple Woman all made an appearance.

The children have been learning how to use Indonesian to introduce themselves and respond to questions about themselves. To practice these skills, they all became a superhero for the afternoon and had to write a speech, introducing their superhero to the class and asking questions about the other superheroes. All the superhero work is on display in the classroom if you would like to have a look when next at school.

Homework Habits

By Professor Matt Sanders

Homework is an accepted part of every child's schooling. However, it doesn't have to become a family battle. The key is for parents and children to be prepared.

Your child should have a set, regular time for homework that fits in around your schedule and your child's other commitments such as sport or music lessons.

Homework should come at a time after your child has had a chance to relax after arriving home and before they are allowed to play or watch television.

Relaxing immediately after school is as important for children as it is for adults who want to wind down after coming home from work. Give your child an afternoon snack and use that time to find out what their homework tasks are, whether they need any special materials for projects, and when it needs to be ready.

While children don't have to have absolute quiet when working, they should have a homework area that has clear table space, is well lit, and is free from obvious distractions (like the television).

If your child wants your opinion on how good their homework is don't feel that you have to make sure the work is perfect before they hand it in. They may feel discouraged if you point out all the spelling and punctuation mistakes. Instead, say something positive about the work and, if you must make corrections, just choose one or two mistakes.
