- ⇒ Wed 27th Nov - School Council
- ⇒ Tues 3rd-Fri 13th Dec - In-Term Swimming @ Kellerberrin
- ⇒ Friday 13th Dec - Year 6 Graduation, Donnan Park Pavillion
- ⇒ Tues 17th Dec - School Presentation Evening
- ⇒ Thurs 19th Dec - Last Day of Term 4 for students

PEAC NEWS

Tammin PEAC student Clare, participated in a Scitech Challenge Day last Friday and was a member of the winning group.

This year the theme for the Challenge Day was Circular Economies –All groups worked towards designing a prototype that addresses the problem statement: How might we re-purpose waste materials to design a product that improves life at school?

To achieve this, our Science Presenters equipped students with resources and skills as they moved through the Stanford d.school design process: Empathise – Define – Ideate – Prototype – Test

Each phase of the process required teams to think in different ways as they work towards innovative design solutions.

TERM 4 ASSEMBLY

Join us next Thursday 7th November at 9am for our final whole school Assembly for the year. All classes will be presenting work on display. We hope to see you there.

P&C Meeting

*Wednesday 13th November @ 7pm in the school library. Agenda items and apologies to :

Lego League Girls' Update

Hello, we are the Biscotti Dogs. In term 2 this year we found out that we were going to be participating in the Lego League Competition in November at Wongan Hills. We formed a group of year 6 girls and once our EV3 robot was delivered we began working on our project. We have been working consistently to make our project the best it can be, and can't wait for the competition.

The theme for this year's Lego League Competition is City Shapers. We have received a city-themed mat and have built our city set on top, this is for our robot to complete challenges on. After we finished the city, our focus turned to our EV3 robot, kindly donated by Avondale Primary School. We built a design on it using a driving base and added a forklift arm to it. We have been working on the challenges with our robot in the Resource Room and have our very own table to do so.

Using the Lego League app on the laptops we have started coding our robot to complete the challenges that we do in order to gain points at the competition. However, sometimes the challenges didn't go to plan so we added extensions to the robot which helped overcome them better. Apart from that, our EV3 has been completing challenges quite well and we are excited to see how they go when the day comes.

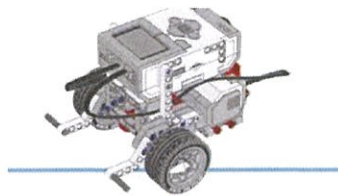

We also have to do an Innovation Project based on problems our community faces based on the competition's topic, through a PowerPoint. We sat as a group and came up with multiple problems our community faces these days. We settled with a problem we are bringing to the competition as the main part of our innovation project. The lack of shops we have. We all believe that it is unfair how we have to drive far away to other towns to get our everyday resources. Through this problem, we started to think about renovating the shops we have in Tammin, hopefully making it easier for people who live in Tammin and maybe even attracting others to come and live in Tammin.

Once again we are really excited for the competition coming up and can't wait to show off our robot, Innovation Project and knowledge. Thank you to all the people who have helped us along the way.

By Clare, Brooklyn, Angelique, Alexis, Cheryl and Ree-anna.

BLOCK HEAD BOYS EV3

We have started our EV3 career by learning how to build and program our first robot. Our first robot was the driving base robot. It looked a bit like this...

From here we have worked our way up to building the Gyro Boy, which looked a bit like this...

Campbell and Griffen built the robot, but then we modified it to our needs. Rohan and Noah did the innovation project on a hospital. We will ask the town shire if we can look at a small block of land, just out of town. Mitch and Alex are now coding the robot and they're aiming to complete at least 3 challenges. The challenge mat looks like this...

Thanks to the P+C's generous donations we will be able to compete in the Lego league in Wongan Hills. Here we have been given a Lego box by Lego Mind storms to build our robot...

We have also received a mat and Lego pieces that build our City Shapers challenge set...

We hope that the Block Heads do well in the Lego League, and we give good luck to all our fellow opponents. Another shout out to the P+C for supplying us with everything we need. Thanks!

By Mitch, Alex, Rohan, Noah, Campbell and Griffen

COME AND SEE US IN WEEK SIX FOR OUR SHARING DAY!

Masters of Lego

So far we, 'Masters of Lego' have built and designed an EV3 robot from scratch. It has a lifting arm that operates easily without jamming. We have already completed one of the tasks that have been set called the swing mission. Our innovation project is to improve Tammin and our idea is to build a cinema. Hopefully this will provide our town with a tourist attraction and bring in more money. We would like to thank the Tammin P/C for purchasing the Lego EV3 brick sets. We would love to share it with you at our sharing day in week 6!

TAMMIN COMMUNITY CHRISTMAS TREE

Saturday 21st December 2018

6pm start at the oval

Santa to arrive around 6.45

Food and soft drinks available for sale

Glow Products available for sale

BYO Drinks and Nibbles

*Registrations due at the Post Office by 15th November
\$10 per child – Please no IOU's*

For any extra info please contact
Lee 0439 912 205

TAMMIN P&C SUNSCREEN FUNDRAISER

All order forms and monies to be received by Friday 1st November to the Tammin Primary School Office or email Liz McDonald.

Please contact Liz McDonald with queries
lizziemcpack@gmail.com or 0429 371 072

Sales by carton quantities to the P&C means you need to get in quick so you don't miss out!

HEALTHY FUNDRAISING WITH SUMMER ESSENTIALS

As previously sold by Tammin P&C, tried, tested and highly recommended!

Australian made & owned SPF50+ SUNSCREEN
100mL & 200mL tubes PLUS our convenient 1L pump pack

PLEASE HELP US TO RAISE VALUABLE FUNDS BY PROMOTING TO FAMILY, FRIENDS, NEIGHBOURS AND WORK COLLEAGUES!

BENEFITS OF SUNSATIONAL SUNSCREEN

- ☼ Suitable for kids, face, sport, face, sensitive skin
- ☼ Rubs on easily and CLEAR
- ☼ Does not clog pores
- ☼ Does not sting eyes or run
- ☼ Non-greasy
- ☼ Water resistant
- ☼ Quick drying
- ☼ Fragrance Free
- ☼ Titanium Dioxide Free
- ☼ Zinc Oxide Free
- ☼ PABA Free
- ☼ Nanoparticle Free
- ☼ Cosmetic/make-up friendly
- ☼ Not tested on animals
- ☼ Use as an everyday moisturiser
- ☼ Contains Vitamin E

All cash orders to be in a marked, sealed envelope with name and amount.

Cheques payable to TAMMIN P&C

EFT payment to TAMMIN P&C
