Term 1 Week 2

11 February 2020

From the Principal

It has been a great start to the term, with most of the children settling in extremely well. The students are becoming more comfortable with the rotations and working in their groups. I am looking forward to meeting with parents on Thursday morning for breakfast as this will be an opportunity to link parent faces with students. In my teaching role I am doing both visual arts and music which I am very excited about. We are implementing a very structured music program for students covering singing, listening, reading and playing basic music. This term we are learning about drawing. These activities provide me with an opportunity to work with children in a way that allows me to get to know them better.

Enrolments & Attendance

Thank you to everyone for making sure that children came back to school in time for census, this has helped us immensely. We currently have 41 students enrolled including 5 kindy children. Attendance has been excellent as well. Keep up the great work!
