

♥ HAPPY ♥ Mother's Day

TPS Bulletin

20 May 2022
Week 4 Term 2

A message from the Principal.....

Dear Parents and Carers

It is hard to believe we are at Week 5 of the term already. We have had a very productive and busy few weeks at school. It has been fantastic to have parents and carers back on school grounds. The Mother's Day morning tea was a very special event. Thank you to all the mums and dads who had the time to attend.

COVID-19 Update

Please call into the office to collect your 20 free RAT tests for each of your children. If your child/ren show any symptoms, please test them. We continue to have a number of cases in the school and it's important to keep testing and catch it early. If your child/ren tests positive I would ask that you notify the school.

P&C Day – TODAY MAY 20

I would like to take the opportunity to thank our fantastic P&C for everything they contribute to our school. The funds they provide allow us to support every child at school by continually improving our library resources, resurfacing our basketball courts, ensuring shade is covering our play grounds and many other important aspects of our whole school.

I would like to encourage every parent to support the P&C. It is a very worthwhile and rewarding committee.

THANK YOU

Staffing

It is with sadness that we farewell Mrs Charmaine Schelfhout, one of our MCSs as she leaves us for a full time MCS role at Avonvale Primary School in Northam. I would like to thank her for her 18 months here with us. She has had a big impact on our management processes and I wish her well in her new role.

Jayne Saunders will be working in the office for two days a week while we advertise to fill the MCS position. I welcome Jayne to our team.

Council Meeting

Today we held our second Council meeting for the year. We discussed a variety of school topics including Council training, the forthcoming school Review and for the first time students will have a voice at the meeting.

If you are interested in engaging in Council training, please let me know. We have a Consultant Principal attending the school on Tuesday 7 June from 3.30pm-5.30pm to run this important governance training.

Regards

Yvonne Darcey

Principal

Term Planner

- Monday 23 May—School Council 7.30am

Cash or Cheque to front office

The senior year's class had a fantastic day last Thursday learning all about endangered species. They had the opportunity to build nest boxes for micro-bats and possums and we installed them at Mr Gary Caffells farm. We also found an echidna!

It was a fantastic learning opportunity for our students to understand the delicate balance between farming and caring for the habitat of endangered species. Dimity and Kate from NRM were a wealth of knowledge and explained what we can all do to help look after our environment for all species to live in.

I am truly grateful to both Mr Caffell and Dimity and Kate from NRM for allowing our students to be involved in this unique project.

Yvonne Darcey
