

Photo/ Video/Audio Consent Form 2023

The Education Department has an *Information Privacy and Security Policy* which requires school to gain parent/guardian permission to use photographs/video footage or digital images of students when used outside the classroom environment.

Examples of this may include:

- Digital images used on the school Internet or School Website to promote class or school activity or to promote the school.
- Photographs taken for the school bulletin, local community newspaper and Department of Education publications.
- Video footage used for any educational or promotional purpose.

The school is requesting written consent from parents to have photographs, video footage or digital images to be used in the manner mentioned above, to promote class or school activities. Please discuss with your child.

I hereby give permission to use photographs, video footage or digital images of my child to promote class or school activities is granted to the school.
