

TPS Bulletin

8 December 2023
Week 9 Term 4

A message from the Principal.....

Dear Parents and Guardians,

Welcome to our last newsletter for the year! Time has flown and we are busy getting ready for the end of year celebrations!

End of Year Presentation Night

Our End of Year Presentation Night will be held next week on Tuesday 12th December at the KEP beginning at 6pm. Please have students arrive by 5:45pm to get prepared. Students should arrive dressed in their costumes. Year 6 students are also required to bring their Tammin Primary school shirt as well (not their graduation shirt please) We can't wait to see you all there!

Swimming Lessons

Students did a fantastic job during swimming lessons over the past few weeks. I had wonderful feedback from both of their swimming instructors, commenting on how well behaved and kind all the students at Tammin Primary School were. You should all be very proud!

Reports

Reports will be sent home on Tuesday 12th December. Please take the time to read through the report with your child/ren and celebrate their achievements and progression over the year.

I hope everyone has a fantastic Christmas and New Years break and I will see you back and refreshed for the start of 2024!

Thank you,
Emma De Cinque
Principal

Swimming Lessons

Over the last two weeks the Pre Primary to Year 6 Students have taken part in Swimming Lessons at the Kellerberin Memorial Pool. The kids really enjoyed swimming in the new pool and are looking forward to swimming lessons at the start of next year.

Year 6 Graduation

Congratulations to our year 6 Graduates, Kye, Jack and Romeo. Thank you to Kiera Wirth and the Graduation Committee for organising the Celebration. Our graduates had a wonderful time celebrating with family and friends and staff at their diner in the park.

A note from the School Health Nurse

Scoliosis

Scoliosis is an abnormal sideways curvature of the spine. It can be detected by a simple examination of the back.

The normal spine has three curves – one in the neck, one in the upper back and one in the lower back. These curves can be seen from the side, but when you look from behind the spine should appear straight. If the spine has a sideways curve, this is scoliosis.

Please read through the [scoliosis](#) information provided by Raising Children Network and check your child for scoliosis as described.

[Scoliosis in children and teenagers | Raising Children Network](#)

2024 Information

2024 Charges and Voluntary Contributions & Personal Items Lists for each year group have been sent home with the students. If you have lost your copy or have any queries regarding Term Dates for 2024 all the information can be found on the Tammin Primary School Website.
